Pure'n Natural

About Organica

Organica was established in Egypt in 2016 as a provider of organic food stuff, it collaborates with a group of companies offering the best of organic products for the human market; Herbal Tea, Sesame Bars, Dates, Olive Oil and Natural Honey in its different types.

The company continues to diversify and develop it's strength in the market.

Organica offers both small and large scale supplies of organic products.

Honey

Our natural honey is delicious, pure and ecological. Its quality and pureness are guaranteed by the location of the production, the extraction process and the control and treatment of the beehive. Added Nigella endow our honey with a unique taste.

Olive oil

Organic Virgin Oil combines all the benefits of virgin olive oil with the benefits of organic products. The olives are grown without the use of any chemical fertilizers or other chemicals, making the olives "cleaner", safer and better tasting.

Dates

From the ancient oasis of Siwa comes our natural dates. when dried, dates provide your body with carbohydrate. a premium source of potassium, vitamins C and D.

Sesame Bar

A perfect snacks from crunchy sesame bars comes with a healthy natural flavors, an alternative for chocolate bars and will restore your energy all the day.
