Dear Sir,

We would like to introduce ourselves. PT Permata Inti Mulia is a trading and commodity company in Indonesia that does trading activities of feedmill and fertilizers.

We intend to import White Millet and Red Millet that is one of our main products for trading. Previously we have been importing Ukraine White and Red Millet via traders to Indonesia. Therefore, currently we're trying to look for opportunity to import the White and Red Millet directly from manufacturer in Ukraine. It would be most helpful if we could receive the support of Embassy of Ukraine to provide contact reference of the manufacturer in Ukraine.

Below are the specs for White Millet and Red Millet that we are looking for :

Moisture	Max 12%
Foreign Matter	Max 2%
Ash	Max 4%
Crude Protein	Max 13%
Crude Fat	Max 5%
Dockage	Max 5%
Test Weight	Min 50 lb/bu
Aflatoxin	20.00 PPB

MOQ : 200 – 400 MT/month
Packing : In Bags 25Kg / Bulk In Container
Destination Port : Tanjung Priuk Port, Jakarta, Indonesia

Hope this cooperation proposal could receive positive feedback from Embassy of Ukraine and we could have further discussion with the ideal manufacturers. Thank you very much for the attention and support from Embassy of Ukraine.

Sincerely,
