Governor of Antalya HULUSI ŞAHİN

"Where there is tourism and trade, prejudices are broken and the seeds of peace are sown. Tourism activities are very valuable for a more peaceful world. I think this fair is very valuable in this window.

I was very surprised that it has only been held for 5 years, and the esteemed Selçuk Meral explained this. Tourism is not only about agencies and hotels, it is a very large operation. It is very important to bring these actors together. Tourism is a very dynamic sector, and Antalya Tourism Fair is very valuable in terms of seeing new trends. It is also very valuable that this fair is being held in Antalya. Antalya is a very beautiful city, we can say that it is a city of tourism, history, culture, agriculture and gastronomy. Not only the sea but all kinds of tourism activities can be carried out in this city. We are here today. My request from you is to carry out a sustainable activity. Tourism consisting only of sea and sand does not satisfy us anymore. Antalya has mountains and plains. There is a deeprooted Turkmen nomad culture, let's discover these and incorporate them into our tourism activities."

Management Director of Prime Travel HALUK KAYHAN

"This is the second time we are participating in Antalya Tourism Fair and we are here as a Silver Sponsor. I can see that it is even more crowded and more lively than last year. I think it is really going very well. I think it is beneficial for everyone and it is making a lot of noise."

President of AKTOB KAAN KAŞİF KAVALOĞLU

"As AKTOB and TÜROFED, I would like to emphasize that this fair, which has been successfully organized in Antalya, especially in this difficult period, is the apple of our eyes. I congratulate Selçuk Meral and his team for organizing this fair even during the pandemic which we are in a psychologically difficult situation. It is very valuable for us not only to organize the fifth edition of this fair, but also to see it grow that much."

SATE

President of TÜRSAB FİRUZ BAĞLIKAYA

While world tourism is growing rapidly, as sector representatives, each of us is working to ensure that our country gets a larger share of this growth. We have adopted Atatürk's words, 'We founded the Republic, you are the ones who will keep it alive and raise it' as a principle. It is of great importance that we develop economically in order to carry and transfer this trust in the best way. Tourism is the sector where we have the highest competitive power with the world. This success is the result of the devoted work of our sector representatives. I would like to thank everyone who contributed to this

ATF undertakes an important mission to ensure that this success continues to grow. Tourism is important for world peace as it enables people of different languages, religions and races to get to know each other. In this respect, every tourism professional also assumes the responsibility of a peace ambassador.

Tourism is the olive tree of our country. We tourism professionals continue to contribute to our country's economy in every situation. We will work non-stop in the relentless competition in world tourism. With these thoughts, I wish Antalya Tourism Fair to be auspicious."

Mayor of Muratpaşa Municipality ÜMİT UYSAL

We host millions of people in Antalya. We need to crown this with 12-month tourism. We need to share Antalya tourism in a sustainable way with the whole world without polluting the environment."

Mayor of Kepez Municipality HAKAN TÜTÜNCÜ

"It is not easy to organize these fairs and convince the public. It is much more difficult to convince the professionals. And so a good job has been done here. I am sure that Selçuk Bey and his team have a lot of work behind the stage. This is a work that has risen with great efforts. We thank each and every one of them."

Deputy General Secretary of Erzurum Metropolitan Municipality MURAT ALTUNDAĞ

"I would like to applaud the GM team, it is really a tremendous organization. In this context, Mr. Selçuk Meral manages the organization in a great way by renewing himself every year. I declare Selçuk Meral the lion of tourism. On behalf of myself, I congratulate him wholeheartedly. I wish this fair to be beneficial for our city of Antalya and our country."

Deputy General Manager of Tatilbudur MUSTAFA KEMAL ÇUBUK

"This is our third year at the Antalya Tourism Fair, a fair that has grown significantly during the period we have been watching. We think there are 2 reasons for this. The first is that it is located in Antalya, Antalya is the capital of tourism, so it has a serious participant advantage in the hotel industry. The second important advantage is that it is held at the right time

It coincides with a period when the entire hotel and agency ecosystem is making deals. For this reason, the fair grows exponentially every year.

Mayor of Marmaris MEHMET OKTAY

"I would like to thank everyone who contributed to the Antalya Tourism Fair. This is what suits Antalya, the capital of tourism."

CEO and Vice Chairman of Jollytur **MERT VARDAR**

First of all, we had a very good 2 days, I think we showed the power of Turkey's tourism to all stakeholders thanks to you. It is really a very good fair at the right time, thank you. We have been a supporter of ATF since the first day and I think we had the biggest booth until this year. This year we are happy to hand over the leadership to a domestic market representative again. This is how we explained the importance of the domestic market."

Chairman of the Board of Tatil Sepeti KAAN KARAYAL

"I would like to thank you for the Antalya Tourism Fair. We are doing this fair at the right time, in the right place. I hope it will continue to build on it, I am sure of it."

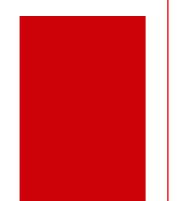

Minister of Tourism, Culture, Youth and Environment of Northern Cyprus FİKRİ ATAOĞLU

"It is very important for all of us that this fair gives us the opportunity to establish new collaborations and strengthen existing relations. I saw all the friends during the entrance and I was as happy as they were. I hope that these bilateral relations will increase in the coming period. I wish that the meetings to be held at our fair will be carried to a higher level. It is a pleasure for me to see how rich today's fair is and that different countries and different concepts are among us."

It is very important for all of us that this fair provides opportunities to establish new collaborations and strengthen existing relationships.
