The Ambassador
Mr. Ivan Kholostenko
Embassy of Ukraine
Olu Awotesu Street
Utako, Abuja.

Dear Sir,

INTRODUCTION OF MYSTROSE LIMITED

I am delighted to present my warmest compliments to you. Our company **MYSTROSE LIMITED** is a multifaceted solutions provision company with offices in Abuja, Lagos and London. Mystrose Limited has established relationships with Ukrainian companies such as; Spets Techno Export (STE) and Ukrainian Armor, amongst others.

MYSTROSE LIMITED wishes to introduce you to our sister company, **MYSTROSE AGRO COMMODITIES LIMITED**, a Leading Agro-focused Organization driven by a vision to drive innovative projects and programs that enhance the overall performance of the agricultural sector in Africa, leveraging innovation and expertise to harness the potentials within the sector.

The Nigerian government is currently focused on the importation of certain food items into the country, these include rice, wheat and maize. We are positioned to import between 25 to 50 metric-tons of these items into Nigeria under the Federal Government import window and we want to partner Ukrainian suppliers to achieve this. Accordingly, we will like the Ukrainian Embassy to link us with the Ukrainian suppliers to ensure effective and transparent transactions.

While we anticipate your prompt response, please accept the assurances of my highest regards.

Yours Faithfully,
For: **Mystrose Limited**
