Iraq Investment Forum

Baghdad – September 28–27 - 2025

Iraq: Promising Horizons for Investment – Invest in Mesopotamia

The Iraq Investment Forum is a key event to highlight ready-to-implement investment opportunities. Iraq is a fertile ground for investment in many sectors, as it boasts a strategic location that makes it a crucial hub in international transportation routes. It is also a promising and untapped market, full of opportunities that involve development projects with sustainable aspects, supported by abundant natural resources and skilled human capital.

The forum acts as a dynamic platform showcasing various economic opportunities provided by the National Investment Commission, multiple ministries, provincial investment commissions, and the private sector.

Over two days, the forum's agenda will feature key themes and panel discussions highlighting supportive measures, government decisions that improve the investment climate, and promising projects. It will also emphasize Iraq's regional and global role in energy, industry, agriculture, trade, and transport, in line with the government's strategic vision for sustainable development.

The forum will feature a detailed presentation on the Development Road Project, covering its developmental and economic goals, as well as its influence on regional and global economic integration, along with sustainable investment opportunities. The event will also include the announcement of the second phase of new city projects, which will offer more than 150,000 housing units across several governorates. Additionally, over 150 investment opportunities will be showcased in various economic sectors, including:

1	Oil and Gas	7	Healthcare and Pharmaceutical Industries
2	Energy and Renewable Energy	8	Food and Processing Industries
3	Transport (Development Road and Grand Faw Port)	9	Tourism, Hospitality, and Entertainment
4	Heavy and Medium Industries	10	Higher Education and Scientific Research
5	Housing and Real Estate Development	11	Telecommunications and Information Technology
6	Agriculture and Livestock Production	12	Industrial Cities and Free Zones

The forum will also offer a valuable chance for companies and business leaders to connect with local and international banks, as well as regional and global financing funds. It will enable bilateral meetings with Iraqi ministries and investment commissions, along with showcasing economic and investment files of regional and international importance.
